

MELANCHOLY WOMEN

Should Profit by Mrs. Hurley's Experience—Her Own Story Here Told.

Eldon, Mo.—"I was troubled with displacement, organic inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased once a month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world."

"After I had tried most every female remedy first, without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacement, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

Loss of Appetite.

Is the first signal of disorder and decay. The usual loss of appetite is often caused by functional disturbances in the stomach. The stomach fails to do the work required, the appetite is gone, and the body suffers from lack of nourishment. Such a stomach needs to be cleaned and sweetened. DECEMBER AND MAY WHEAT ARE HIGHER

Chicago Closes With a Good Advance Today With Shortage Covering During the Session.

CHICAGO, Oct. 28.—Closing prices in the wheat market for options yesterday were 1-1/2c a bushel higher for December and 3-4c for the May. Opening figures were at an advance of 1-4c for the former and 3-8c for the latter.

Short covering was responsible for most of yesterday's advance in the wheat market. A cable from Argentina says that export opinion is that the next wheat crop there will be 188,750,000 bushels with an exportable surplus of 105,000,000 bushels. Last year's crop was estimated at 198,000,000 bushels with a net export record of 112,000,000 bushels to date.

Broomhall cabled from Liverpool that lighter American shipments than were shown by Bradstreet's and disappointing Russian shipments this week, together with firmer Russian and Manitoba offers, stimulated covering at the opening and as a result the market opened firm. Unfavorable reports continue to come from India. Argentine reports are favorable. World's shipments—Wheat 12,696,000 bushels; corn, 3,809,000 bushels; Russian wheat, 4,400,000 bushels; Danube, 1,298,000 bushels.

Wheat—Dec.—Open 84 1-8, high 85 1-2, low 84 1-8, close 85 5/8 A. May—Open 89 1-8, high 90 3-8, low 89 1-8, close 90 1/2 A.

HOG MARKET DIME LOWER IN PORTLAND

(Courtesy of the Journal.)

PORTLAND, Ore., Oct. 28.—There was a very heavy run of hogs in the North Portland yards over Sunday and the market was generally weaker and quoted a dime lower. Early bids in the swine division this morning were no better than \$8.25@8.50. This is the highest price ruling today in the east.

The very liberal marketing of swine at North Portland recently and the

probable increase in the marketing within the immediate future, is causing intense bearishness among the trade and it is not out of the likely that a further loss will be forced in values.

Today's general hog market range: Good killers \$8.25@8.50
Good and light 8.00@8.20
Heavy and heavy 7.00@7.25

Cattle Situation Weak.

With another big offering of cattle and the immediate wants of home killers rather well taken care of, the situation in the North Portland yards today was a repetition of that shown during the preceding six days. Bidding for cattle started extremely slow and efforts were made generally to force a further loss in the price.

Today's general cattle market range:

Best steers \$7.60@7.65
Ordinary steers 7.25
Poor steers 7.00
Best heifers 6.75
Best cows 6.50
Medium cows 6.25
Poor cows 5.50
Ordinary bulls 4.50@5.00
Fancy stags 5.50
Fancy bulls 5.50
Prime heavy 6.50@7.50

Sheep Situation Strong.

There was a very disappointing run in the mutton yards at North Portland over Sunday. Only a very small lot came forward and as most of the small killers have been starved for some time, the price list was held very firm. There is a constant demand for first class quality but little of this has been available in the local yards recently.

Today's general mutton market range: Best spring lambs \$5.50
Ordinary lambs 5.00@5.25
Yearlings 4.35@4.50
Old ewes 4.15@4.25
Fancy ewes 3.80@3.90
Ordinary ewes 3.00@3.50

Avoid Sedative Cough Medicines.

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.—Adv.

\$25 IS COST OF LONE TAIL.

CHEHALIS, Wash., Oct. 28.—For selling a note and tearing his signature from it, S. P. Hunt was fined \$25 and costs by Justice Westover. On November 15, 1912, Hunt is alleged to have given William Saunders a note for \$410 in part payment for a house and lot in Centralia, represented. Hunt says, as free from incumbrance. Hunt says he found later a street assessment for \$200 against the property.

Saunders presented the note for payment when, he says, Hunt grabbed it and succeeded in tearing off the portion bearing his name, the owner saving the rest of the paper.

UNITED STATES LEADS IN AUTOMOBILE TRADE

PARIS, Oct. 28.—The United States has taken the lead over France in the automobile trade between the two countries, according to statistics of

officially given out today. Leading dealers fear that the lead is a permanent one. During the first six months of this year France sent \$147,809 worth of autos to the United States and the United States shipped to France \$131,200 worth. During 1912 France exported to the United States \$375,738 worth of cars, importing in the same ships only \$285,200 worth. Thus for the six months ending with June the United States led France by about \$185,000, while the ensuing year of 1912 France led the United States by about \$90,000.
